

DID YOU KNOW...

**You will not vote for President until the General Election on
November 4, 2008?**

Colorado's political parties elect delegates to the national conventions through the precinct caucuses, not through the Primary Election.

HOWEVER

There are other important federal, state, and county races on your ballot. Ask your county clerk and recorder for a "Sample Ballot" to learn more about the Primary races.

Primary Election : August 12, 2008

IMPORTANT VOTER INFORMATION:

To vote in the Primary Election, you must be affiliated with one of the two major parties. Unaffiliated voters may affiliate with the Democratic or Republican Party at anytime up to and including Primary Election Day.

If you are already affiliated and wish to change your party affiliation, you must do so on or Prior to July 14, 2008 in order to vote in the Primary Election for candidates of your new party.

Please contact your county clerk and recorder for more information.
